

April 2009 is Sexual Assault Awareness Month

Written by The Office of the Commissioners
Wednesday, 10 June 2009 12:22

At today's Commissioners' Public Meeting, April 2009 was proclaimed "Sexual Assault Awareness Month." In the past thirty years HAVIN has had a presence in Armstrong County and dedicated their time and efforts to helping raise awareness of these crimes and take the necessary steps to end the violence.

JoEllen Bowman, HAVIN's Director, thanked the Board of Commissioners for their support and credited them for helping HAVIN accomplish so many of their goals and create a foundation for growth and future stability for the program in the county. Ms. Bowman passed out teal lapel ribbons to be worn as a sign of support and awareness. She invited everyone to attend a public forum April 30th at the Belmont Complex. The forum is free and will include ACT 48 credits to anyone interested.
