On July 20, 2009 the Disability Investigative Group (D.I.G.) held a disability pride rally in Kittanning's Riverfront Park. The rally featured speakers from various area organizations including AMVETS Post 13 and Three Rivers Council for Independent Living.

Even though the Americans With Disabilities Act was signed 19 years ago, group members still battle non-compliance issues on a daily basis. The group is planning many events to bring awareness to their cause. For a listing of upcoming events see their website at www.acdig.org.
