

March is Intellectual Disabilities Awareness Month

Written by The Office of the Commissioners
Monday, 07 March 2011 10:50

Armstrong County Commissioners signed a proclamation supporting March 2011 as Intellectual Disabilities Awareness Month. Mr. Jim Kuemmerle, Administrator of Armstrong – Indiana Mental Health / Mental Retardation / Early Intervention attended the meeting to accept the proclamation.

Mr. Kuemmerle stated that early intervention, education, home and community-based services continue to be vital to enabling citizens with intellectual disabilities to function and thrive. Such support gives people with intellectual disabilities greater opportunities to develop relationships, pursue their dreams and be integrated into their community and contribute in a meaningful way to society.

The Board of Commissioners encourages all citizens to support the efforts and hard work of Pennsylvanians with intellectual disabilities and their families as they strive to live self-determined lives and realize their own personal aspirations.

Commissioner Scahill, Commissioner Kirkpatrick, Mr. Jim Kuemmerle, Commissioner Fink
