

Emergency Public Alert System

Written by Alisha Hetrick
Friday, 06 November 2015 08:52

The Public is encouraged to attend and a brief questions and answer period will follow.

to local residents during the course of a public safety event or emergency.

The proposed solution will provide emergency notification

on November 16th at 7PM at the Belmont Complex.

Emergency Public Alerting & Notification System

will be presenting a demonstration of the proposed

in cooperation with Airbus D-S,

The Armstrong County Department of Public Safety
