

No, only about half of them will be enrolled in Medicare Part D at this time. We will not enroll the following groups of consumers into a Part D Plan: those who are not eligible for Part D, those in Medicare Advantage Plans, those in employee retirement plans with drug coverage, those who have already enrolled in a Part D plan on their own, and certain others.

Individuals who have previously enrolled in Part D either by joining a Prescription Drug Plan on their own or by getting Part D through a Medicare Advantage Plan will receive information around September 1, 2006 about how PACE will help to wrap around their current Part D coverage.
