ARMSTRONG COUNTY CONFIRMS INITIAL COVID-19 CASE

Kittanning, PA – Armstrong County Department of Public Safety was made aware of a positive COVID-19 test today, Tuesday, March 24, 2020, at 9:30 am by the Pennsylvania Department of Health (PA DOH) via PEMA.

We have been in contact with local Healthcare providers, emergency medical services and municipalities to support any unmet needs they may have.

All public access to the Courthouse Annex building is being restricted at this time. Anyone who has business with the departments housed in that building can call, email or use the County web site to contact the various departments.

County officials encourage residents to continue to use the Pennsylvania Department of Health (PA DOH) and Centers for Disease Control (CDC) guidelines for social distancing, handwashing and self-quarantine.

If you are exhibiting symptoms similar to or associated with COVID-19, please stay home. Call your primary care physician and discuss your medical care. If you are experiencing an emergency, please call 9-1-1 and advise the dispatcher of your symptoms and any possible exposure so the appropriate response personnel can be sent to you.

We will continue to assess the situation within the County and provide support for our partners and the public.
