

This morning, the Wolf Administration will announce revised and lifted mitigation restrictions that are effective statewide as of today. The revised mitigations restrictions announced today include:

- **Revised maximum occupancy limits for indoor events to allow for 15% of maximum occupancy, regardless of venue size.** Core public health measures such as face covering (mask-wearing), social distancing, and hand hygiene still must be enforced. The 15% of maximum occupancy is permitted only if attendees and workers are able to comply with the 6-foot physical distancing requirement.
- **Revised maximum occupancy limits for outdoor events to allow for 20% of maximum occupancy, regardless of venue size.** Core public health measures such as face covering (mask-wearing), social distancing, and hand hygiene still must be enforced. The 20% of maximum occupancy is permitted only if attendees and workers are able to comply with the 6-foot physical distancing requirement.
- **Eliminate out-of-state travel restrictions.** In November, the Department of Health provided an [updated travel order](#) requiring anyone over the age of 11 who visits from another state to provide evidence of a negative COVID-19 test or place themselves in a travel quarantine for 14 days upon entering Pennsylvania. Today, this order was rescinded. The current downward trend of cases nationwide and implementation of testing requirements and universal face covering on public transportation and transportation hubs are reducing the risk that interstate travel is a vector of disease transmission.
